REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 17 and 20 are under examination.

Of the two, claim 17 is the independent claim. It encompasses a recording paper impregnated with a sizing agent comprising (i) a water-soluble soybean polysaccharide, (ii) a cationic polymer and (iii) a surfactant.

Closest prior art is Auhorn et al (US 4908240). It discloses components (ii), (iii) and polysaccharides in general. Suitable polysaccharides are set forth in col. 7, lines 26-29. However no hint or suggestion is available about use of the (claimed) water-soluble soybean polysaccharide.

Claims 17 & 20 are therefore deemed to be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
